## HOW TO CITE RULES AND RSMO

### RULES

The rules are codified in the *Code of State Regulations* in this system—

<b>Title</b>	<b>CSR</b>	<b>Division</b>	<b>Chapter</b>	<b>Rule</b>
3	<i>Code of</i>	10-	4	115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

### ***Code and Register on the Internet***

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is [sos.mo.gov/adrules/csr/csr](http://sos.mo.gov/adrules/csr/csr)

The *Register* address is [sos.mo.gov/adrules/moreg/moreg](http://sos.mo.gov/adrules/moreg/moreg)

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**11 CSR 85-1.030 Missouri Veterans Homes Program.** The department is amending sections (1) and (2), adding new sections (3)-(5), and renumbering as necessary.

*PURPOSE:* This amendment clarifies the criteria for admission to and discharge from Missouri Veterans Homes, as well as establishes the processes for providing hardship rates of stay and for appealing adverse decisions of the Missouri Veterans Homes Program.

(1) As used herein, unless the text clearly indicates otherwise, the following terms shall mean:

(F) Hardship – a reduced monthly room and care fee for a Missouri Veterans Home resident who does not have adequate financial resources to pay the monthly room and care fee set by the commission.

**(2) Admissions.**

(A) Eligibility criteria. In order to be eligible for admission as a resident to a Missouri Veterans Home, a person must –

1. Be a citizen of Missouri who has maintained physical residency in Missouri for one hundred eighty (180) days prior to application for placement in a Missouri Veterans Home;

2. Once the five hundred thousand dollar (\$500,000) hardship threshold is met, MVC will continue to accept hardship applications within its Veterans Homes, but will not admit applicants requesting a hardship until such time as MVC is below the five hundred thousand dollar (\$500,000) hardship threshold.

3. When MVC returns to below the five hundred thousand dollar (\$500,000) hardship threshold, MVC will consider outstanding hardship applications in the order that they were received. 4. In collaboration with the HRT, the director of Homes Program will make the final decision on each hardship application and direct that a letter be sent to the hardship applicant notifying him/her of that decision. The letter notifying the hardship applicant of the final decision shall specifically state the decision and, if the hardship is not granted, the process to appeal the decision. If applicable, the letter notifying the hardship applicant of

1. Emergency discharges. In cases where the director of the Missouri Veterans Homes Program determines the resident poses an imminent risk to the health and safety of him or herself, or to that of the facility's staff or other residents by continued residence in the facility, the director of the Missouri Veterans Homes Program may authorize the use of emergency discharge procedures in which the resident may be discharged from the facility as soon as practicable. In such cases, the Missouri Veterans Home need not provide thirty (30) days notice of the discharge, but must adhere to the remaining notice requirements set forth in this rule.

(E) Orientation for transfer or discharge. Missouri Veterans Home facility management must ensure sufficient

preparation and orientation is available to residents to ensure safe and orderly discharge from the facility.

(F) Discharge summary. Prior to discharging a resident, Missouri Veterans Home facility management must prepare a discharge summary that includes:

1. A recapitulation of the resident's stay;

2. A summary of the resident's status at the time of the discharge to include a comprehensive assessment conducted or coordinated by a registered nurse with the participation of appropriate healthcare professionals, including at least one physician, the registered nurse, and one social worker. The registered nurse must sign and certify the assessment. The comprehensive assessment is to determine the care, treatment, and services that will meet the resident's initial and continuing needs. The assessment must be an objective evaluation of the resident's health and functional status, describing the resident's capabilities and impairments in performing activities of daily living, strengths, and needs; and

3. A post-discharge plan of care developed with the participation of the resident and his or her family, which will assist the resident to adjust to his or her new living environment.

(5) Appeals from Adverse Decisions Rendered Under This Rule.

(A) An applicant or resident who is aggrieved by the decision of the Missouri Veterans Home to deny admission to the facility, deny granting a hardship rate, or to involuntarily discharge a resident from the Missouri Veterans Home shall have the right to an administrative review of the Missouri Veterans Home's decision.

(B) The applicant or resident may appeal the decision of the Missouri Veterans Home to deny admission to the facility, deny granting a hardship rate, or to involuntarily discharge a resident from the Missouri Veterans Home by filing a written request for administrative review with the MVC executive director within fifteen (15) calendar days of the date of the notice of denial or discharge. The request for administrative review shall set forth the basis of the applicant or resident's objection to the Missouri Veterans Home's decision.

(C) The MVC executive director shall consult with appropriate MVC executive staff on each appeal. The executive director may attempt to resolve the issue with an informal meeting with the aggrieved party, or independently review the case and issue a written decision thereon.

(D) The MVC executive director's administrative review shall consist of a review of all written materials relevant to the decision being appealed. Aggrieved parties may submit any documentary evidence they choose with their request for an administrative review of the adverse decision so long as it is received by the executive director within fifteen (15) calendar days of the date of the notice of denial or discharge. Aggrieved parties are not entitled to an evidentiary hearing on the decision being appealed.

(E) The MVC executive director shall give written notice of his or her decision and the basis thereof by delivering or mailing such notice to the applicant, resident, legal representative or, if applicable, to his or her attorney of record.

(F) The decision of the MVC executive director shall be the final decision of the Missouri Veterans Commission.

#### PROPOSED AMENDMENT

**19 CSR 10-10.110 Amending or Correcting Vital Records.** The department is amending the rule title, purpose statement, sections (1) – (4), and the chart.

*PURPOSE: This amendment changes and/or updates procedural requirements for documenting changes made to vital records and clarifies supporting document requirements for correcting and/or amending vital records.*

*PURPOSE: This rule identifies when an affidavit is appropriate to amend **or correct** a vital record and when a court order is required.*

(1) A request for correction(s) of a certificate shall be made to the Bureau of Vital Records. The request shall identify the certificate to be corrected by stating whether it is a birth, death, or fetal death record; the name **and sex** of the registered person; the date **[and place]** of the event; which items are omitted or in error; and the correct information for the items. The Bureau of Vital Records shall **[send] make available** a correction **[form] affidavit** to the applicant with instructions regarding who should sign and what documentary proof is required to support the correction requested. **The correction affidavit process shall only be utilized to restore an item to its intended original value.**

(A) To correct an item(s) on a certificate, documentary evidence necessary to preserve the integrity of the certificate shall be required. Depending on the number of items to be

corrected, more than one (1) document may be required. Corrections, other than those that are court ordered, require a notarized affidavit **or electronic submission in the Missouri Electronic Vital Records System by an approved professionally licensed or certified data provider or a person in charge of a licensed institution or such person's designated representative.** Documentary evidence which supports the alleged facts shall be a filed document which shows, as a minimum, the correct full name and correct age or date of birth[,] and, **when possible,** shall have been filed at least five (5) years prior to the date of application for the amendment. A filed document is defined as a record which is permanently maintained by an agency, organization, or business and is accessible for verification at a later date.

(2) Major deficiencies on individual vital records shall be corrected **or amended** by court order. The Bureau of Vital Records shall be furnished with a certified copy of an order from a court of competent jurisdiction *[directing them to make]* **indicating** the desired *[correction]* **change(s).** The order shall identify the record(s) as presently filed and *[direct the bureau as to]* **indicate** the items to be corrected[,] or amended *[or changed]*.

(A) Major deficiencies specifically requiring a court order are those that –

4. *[Amend the date of birth on a birth record when adequate documentation before the eleventh birthday is not available]* **Change on a birth record the registrant's first name, middle name, last name, or suffix when different from the mother's birth certificate worksheet used to originally register the birth certificate (not including if first and middle names not yet chosen);**
5. Completely change the mother's name on a birth record. The mother's first, middle, and maiden name can be corrected by a notarized affidavit from the hospital's medical records department if the hospital prepared the original record in error. If the error was not made by the hospital, then one (1) of the recorded parents or the registrant, if of legal age, shall furnish a notarized affidavit requesting correction and a certified copy of the mother's birth record or a certified copy of the parent's marriage *[license or a certified statement of marriage]* **certificate** from the recorder of deeds' office **or a certified statement of marriage;**
6. Completely change, on the birth record, the name of the natural parent or add the name of a parent when deceased;
7. Change, on the birth record, the surname of the registrant, **last name of the mother,** or the *[surname]* **last name** of the father by changing three (3) or more letters, or by changing one (1) or two (2) letters which results in a different pronunciation of the *[surname]* **last name;**
8. Change, on the death record, the *[surname]* **last name** of the deceased by changing three (3) or more letters or by changing one (1) or two (2) letters which results in a different pronunciation of the *[surname]* **last name;**
9. Change both the sex and registrant's name when the name appears to be that typically used for the opposite sex;
10. *[Amend]* **Change** a written signature *[amended]* **new**

To delete the father's name from a birth certificate, the court order shall find that he is not the natural father and then direct the Bureau of Vital Records to delete his name from the birth record. If the court also finds the natural father and the mother have been legally married, the birth certificate can be legitimated by the same court order. The order shall give the date and place of marriage. The order also shall give the natural father's full name, date of birth, state of birth, race, Social Security number, and the natural mother's date of birth and Social Security number to establish a new birth certificate by legitimation. If the child's name is to be changed *[to the father's name]*, the order also shall indicate the name change.

(3) The original certificate/office working copy of the birth, death, or fetal death shall have the **amendment or** correction entered on its face by interlineation with a line drawn through the incorrect *[entries]* **entry or, if possible, by electronic deletion of the incorrect entry and replacement with the updated item. [It shall be marked amended.]** The *[date of amendment]* **item name and/or number and date amended or corrected** and a summary description of the **method and, if applicable,** evidence submitted in support of the *[amendment]* **change** shall be endorsed on or made part of the record.

The medical information can be *[amended]* **corrected** only by the medical certifier, coroner, or medical examiner who certified the cause of death.

1. An affidavit **and supporting documentation** is required to correct the spelling of a last name(s) except as provided in paragraph (2)(A)8. of this rule. Age, date of birth, and *[surnames]* **last names** of mother, father, and surviving spouse require **an affidavit and** one (1) document other than an insurance policy which gives the correct information. *[An affidavit is required to correct the age if the year is correct.]*

2. To correct all other items on a death certificate through the *[amendment]* **correction** process, documentary evidence considered necessary to preserve the integrity of the certificate shall be required.

## TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

### Division 2220 – State Board of Pharmacy Chapter 2 – General Rules

#### PROPOSED AMENDMENT

**20 CSR 2220-2.400 Compounding Standards of Practice.** The board is amending sections (3), (5)-(8), (10), (11), and (14) and replacing section (9).

*PURPOSE: This amendment updates rule language to reference compounded preparations, defines a commercially available product for purposes of compounding, and clarifies requirements for bulk drug substances for use in compounding human preparations.*

(3) Batch compounded **[product] preparation** is defined as a **[product] preparation** compounded in advance of receipt of a prescription or a **[product] preparation** compounded in a supply that will be used on more than one (1) dispensing to a patient or patients or any **[product] preparation** compounded in excess of the filling of an individual prescription. A batch is a specific quantity of **[product] preparation** compounded in a single, discrete process, by the same individuals, carried out during one (1) limited time period.

(5) Compounding Area and Equipment Requirements.

(A) The area(s) used for **[the compounding of drugs] compounding preparations** shall be maintained in a sanitary condition and shall be free of infestation by insects, rodents, and other vermin. Trash shall be held and disposed of in a timely and sanitary manner.

(C) Equipment used in **[the compounding of drug products] compounding preparations** shall be of appropriate design, adequate size, and suitably located to facilitate operations for its intended use and for its cleaning and maintenance. Equipment used in **[the compounding of drug products] compounding preparations** shall be of suitable composition so that surfaces that contact ingredients, in-process materials, or **[drug products] compounded preparations** shall not be reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the **[drug product] compounded preparation** beyond that desired.

(6) Proper controls shall be maintained over drug products/ingredients, containers, and container closures.

(A) Bulk drugs and other materials used in **[the compounding of drugs] compounding preparations** must be stored in adequately labeled containers in a clean, dry area or, if required, under proper refrigeration.

(B) Pharmacists shall only receive, store, or use drug substances for compounding that have been made and/or distributed by Missouri licensed/registered drug distributors. **A bulk drug substance for human use that is not the subject of an applicable United States Pharmacopeia or National Formulary monograph or is not a component of a Federal Drug Administration (FDA) approved drug cannot be used in compounding unless it appears on a list promulgated as a regulation pursuant to section 503A(b)(1)(A)(i)(III) of the Federal Food, Drug, and Cosmetic Act, except as otherwise allowed by the FDA.**

(D) Drug products/ingredients, containers, and container closures used in **[the] compounding of [drugs] preparations** shall be handled and stored in a manner to prevent contamination.

(E) Drug products/ingredient containers and container closures shall not be reactive, additive, or absorptive so as to alter the safety, identity, strength, quality, or purity of the compounded **[drug] preparation** beyond the desired result. Container systems shall provide adequate protection against foreseeable external factors in storage and use that can cause deterioration or contamination of the compounded **[drug product] preparation**.

(7) Appropriate quality control measures shall be maintained by the pharmacy and its staff over compounding methods.

(A) Such methods shall include the following and shall be followed in the execution of the **[drug] compounding process**. A separate log shall be maintained which includes:—

1. Methods for **[the compounding of drug products] compounding preparations** to **[insure] ensure** that **[the] finished [products] preparations** have the identity, strength, quality, and purity they purport or are represented to possess;

2. Date of compounding;

3. Identity of the compounding pharmacist;

4. A listing of the drug products/ingredients and their amounts by weight or volume;

5. Description of the compounding process and the order of drug product/ingredient addition, if necessary for proper compounding;

6. The identity of the source, lot number, and the beyond-use date of each drug product/ingredient, as well as an in-house lot number and a beyond-use date for bulk compounded **[products] preparations**; and

7. An identifying prescription number or a readily retrievable unique identifier for which the compound was dispensed.

(C) Pharmacists may compound **[drugs] preparations** in limited quantities prior to receiving a valid prescription based on a history of receiving valid prescriptions that have been generated solely with an established pharmacist/patient/prescriber relationship.

1. **[The compounding of drug products] Except as otherwise provided by law, compounding preparations** in anticipation of receiving prescriptions without an appropriate history of such prescriptions on file or a documented need[,] shall be considered manufacturing instead of compounding of the drug(s) involved. Limited quantities, for purposes of this rule, are further defined as an amount of batched **[product] preparation** that represents a three- (3-) month supply.

2. Creams, ointments, lotions, liniments, or other compounded **[products] preparations** intended for external use may be batched in the same manner as provided for in paragraph (7)(C)1. of this rule that represents a one- (1-) year supply.

(D) Any excess compounded **[products] preparations** shall be stored and accounted for under conditions dictated by its composition and stability characteristics to **[insure] ensure** its strength, quality, and purity. Excess **[product] preparations** shall be labeled with the name of the drug(s), an in-house lot number, and beyond-use date.

(F) The actual name of each active or therapeutic ingredient contained in a compound shall be listed on the container of any **[product] compounded preparation** provided to a consumer.

(8) Management of Compounding.

(A) A pharmacist dispensing **[any compounded drug] a compounded preparation** is responsible for ensuring **[that]** the **[product] preparation** has been prepared, labeled, controlled, stored, dispensed, and distributed properly. The pharmacist is responsible for ensuring that quality is built into the preparation **[of products, with key factors including at least the following general principles] and ensuring[:]**—

1. Personnel are capable and qualified to perform their assigned duties;

2. Ingredients used in compounding have their expected identity, quality, and purity. Drug components must meet compendial standards or maintain a certificate of analysis on file when bulk drug substances are involved. Visual inspection of bulk drug substances must be performed;

3. Reasonable assurance that processes are always carried out as intended or specified;

4. Preparation conditions and procedures are adequate for preventing mix-ups or other errors; and

5. All finished **[products] preparations**, as a condition of release, **[must be]** are individually inspected for evidence of visible particulates or other foreign matter and for container-closure integrity and any other apparent visual defects.

(B) The pharmacy is responsible for developing a drug monitoring system for compounded **[products] preparations**. The outcome monitoring system shall provide readily retrievable information suitable for the evaluation of the quality of pharmaceutical services<sup>1</sup>. **This shall include,] including** but not **[be]** limited to<sup>2</sup>,] reported infection rates, incidence of adverse drug reactions, incidence of recalls, and complaints from prescribers or clients.

(C) A recall must be initiated when a **[product] compounded preparation** is deemed to be misbranded or adulterated. The pharmacy shall notify the prescriber of the nature of the recall, the problem(s) identified, and any recommended actions to ensure public health and safety.

1. In cases where the compounded **[product] preparation** has the potential to harm the patient, the same recall notification<sup>3</sup>,] as provided for in this subsection<sup>4</sup>,] shall be provided to all patients that have received the recalled compounded **[product (s)] preparation(s)**.

2. Any recall initiated by a pharmacy shall be reported, in writing, to the board within three (3) business days.

**[ (9) Compounding of drug products that are commercially available in the marketplace or that are essentially copies of commercially available Federal Drug Administration (FDA) approved drug products is prohibited. There shall be sufficient documentation within the prescription record of the pharmacy of the specific medical need for a particular variation of a commercially available compound.]**

**(9) The compounding of a preparation that is a copy or essentially a copy of a commercially available product is prohibited except when there is a specific medical need for a particular variation of a commercially available compound for an individual patient as determined by the prescriber, or when a change or modification for a specific patient would produce for that patient a clinically significant difference between the compounded preparation and the comparable commercially available drug product, as determined by the prescribing practitioner. Documentation from the prescriber of the specific medical need or clinically significant difference for a specific patient must be maintained in the pharmacy's records. A prescription that identifies only a patient name and compounded preparation formulation is insufficient documentation for a pharmacy to rely upon to conclude that the prescriber made a determination regarding a specific medical need or clinically significant difference. A different formulation without a documented specific medical need or clinically significant difference is not sufficient.**

**(A) For purposes of this rule, “essentially a copy of commercially available product” is a compounded preparation that has —**

**1. The same active pharmaceutical ingredient(s) as the commercially available drug product;**

**2. The same, similar, or an easily substitutable dosage strength; and**

**3. The same manner of administration as the commercially available drug product.**

**(B) For purposes of this rule, “easily substitutable” means the same or similar dosage strength can be achieved by administration of fractional or multiple doses of a commercially available drug product.**

**(C) When compounding an otherwise commercially available product due to a drug shortage, the pharmacy must confirm and document the commercially available product is not available despite due diligence.**

**(10) Any alteration, change, or modification to the contents of a commercially manufactured over-the-counter product shall require a prescription or prescription drug order from an authorized prescriber. The compounding of any [drug product to be sold] preparation without a prescription or medication order is prohibited.**

**(11) Any person shown at any time, either by medical examination or pharmacist determination, to have an apparent illness or open lesion(s) that may adversely affect the safety or quality of a [drug product being] compounded preparation shall be excluded from direct contact with [drug products] compounded preparations/ingredients, drug product containers, container closures, and in-process materials[, ] until the condition is corrected or determined by competent medical personnel not to jeopardize the safety or quality of the [products being] compounded preparation.**

**(14) In addition to the requirements outlined in this rule, all standards and requirements as outlined in 20 CSR 2220-2.200, Sterile Compounding, must be adhered to whenever compounding involves the need for aseptic procedures or requires the use of or results in an intended sterile pharmaceutical [product] preparation.**

**TITLE 1 – OFFICE OF ADMINISTRATION**  
**Division 10 – Commissioner of Administration**  
**Chapter 3 – Preapproval of Claims and Accounts**

**ORDER OF RULEMAKING**

By the authority vested in the Commissioner of Administration under sections 33.030(3), 33.103, 370.395, and 536.023, RSMo 2016, the Office of Administration amends a rule as follows:

**1 CSR 10-3.010** Preapproval of Claims/Accounts and Direct Deposit: Definitions/Examples **is amended**.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 40-41). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**TITLE 3 – DEPARTMENT OF CONSERVATION**  
**Division 10 – Conservation Commission**  
**Chapter 7 – Wildlife Code: Hunting: Seasons, Methods, Limits**

**ORDER OF RULEMAKING**

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission

amends a rule as follows:

3 CSR 10-7.410 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 17, 2023 (48 MoReg 119-120). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from eleven (11) individuals and one (1) organization on the proposed amendment.

COMMENT #1: The commission received comments from three (3) individuals who voiced general support to proposed changes to this rule.

RESPONSE: The commission thanks those individuals who provided input.

COMMENT #2: The commission received comment from one (1) individual who voiced general opposition to proposed changes to this rule.

RESPONSE: The commission thanks the individual who provided input.

COMMENT #3: The commission received comments from six (6) individuals, four (4) of whom voiced general support and two (2) of whom voiced general opposition to proposed changes to this rule; however, specific comments pertained to proposed amendments to commercial photography and videography on conservation lands.

RESPONSE: The commission thanks the individuals for their comments.

COMMENT #4: The commission received comment from one (1) individual that voiced opposition for proposed changes to this rule, stating there should be no restrictions on methods allowed to take feral hogs.

RESPONSE: The commission recognizes that feral swine are a destructive non-native species that must be removed from the landscape. However, some methods restrictions are necessary to ensure that permit, season, and method requirements for hunting wildlife are followed, and to facilitate feral hog elimination efforts throughout the state.

COMMENT #5: The commission received comments from one (1) organization that voiced general support for proposed changes to this rule, citing only a single concern with the wording that conservation agents "must authorize" the use of a leashed tracking dog. The organization requests the wording instead be that a conservation agent "must be contacted," as was previously published in the *Fall Deer & Turkey Hunting Regulations and Information* booklet.

RESPONSE AND EXPLANATION OF CHANGE: Based upon this comment, department staff recommended to the commission that procedures remain in place that enable conservation agents to distinguish between when dogs are being used for hunting as opposed to tracking and recovery activities. Consequently, department staff recommended revising the proposed rule to require that conservation agents be contacted prior to use of a leashed tracking dog. The commission has determined this provision may place undue hardship on both dog handlers and conservation agents. The commission has exercised its authority to amend the final rule language

by removing the requirement in subsection (1)(F) that prior contact be made or prior authorization be received before leashed dogs may be used to track and recover wounded black bear, deer, elk, and turkey.

### 3 CSR 10-7410 Hunting Methods

(1) Wildlife may be hunted and taken only in accordance with the following:

(F) Dogs (Recovery of wounded black bear, deer, elk, and turkey). A black bear, deer, elk, or turkey is wounded when a properly licensed hunter has struck an animal with a projectile fired from a legal hunting method during the open season. Leashed dogs under the direct control of a dog handler may be used to track and recover wounded black bear, deer, elk, and turkey. The use of dogs in accordance with this subsection is specifically excluded from the definitions of chase, pursue, and take as defined in this Code. Dog handlers participating in the recovery of a wounded animal as prescribed in this subsection are exempt from hunting permit requirements, provided they are not the taker of the wounded animal. Dog handlers assisting in the tracking and recovery of a wounded animal may not possess a firearm, bow, or crossbow, except for concealable firearms as defined in Chapter 571, RSMo. Concealable firearms possessed under this exception may not be used to take wildlife.

RESPONSE: The commission thanks the individual who provided input.

COMMENT #2: The commission received comment from one (1) individual who voiced general opposition to proposed changes to this rule.

RESPONSE: The commission thanks the individual who provided input.

COMMENT #3: The commission received comments from two

(2) individuals who voiced opposition to proposed changes to this rule, citing concerns hunter orange should be required while hunting with firearms.

RESPONSE: With limited exceptions for migratory bird hunters, hunting within municipalities where the discharge of firearms is prohibited, or on state and federal hunting areas where deer hunting is restricted to archery methods, all hunters are required to wear proper hunter orange clothing when hunting in open counties during the CWD portion of the firearms deer hunting season.

During years when the federal framework prescribes a forty-five- (45-) day duck season or thirty- (30-) day duck season, no season date formula will be used. A person possessing the appropriate state and federal permits may take ducks in accordance to the season lengths, bag limits, and species-specific opening and closing dates established annually by the Conservation Commission.

(H) Ducks and coots may be taken from one-half (1/2) hour before sunrise to sunset as follows:

1. Ducks and coots may be taken from October 28 through December 26 in the North Zone; from November 4 through November 12 and November 18 through January 7 in the Middle Zone; and from November 23 through November 26 and December 7 through January 31 in the South Zone; and

The daily and possession limits for ducks, geese, and coots are the same as during the regular duck, goose, and coot hunting seasons. Any person fifteen (15) years or younger may participate in the youth waterfowl hunting days without permit provided they are in the immediate presence of an adult eighteen (18) years of age or older. If the youth hunter does not possess a hunter education certificate card, the adult must be properly licensed (i.e., must meet any permit requirements that allow small game hunting) and have in their possession a valid hunter education certificate card unless they were born before January 1, 1967. The adult may not hunt ducks but may participate in other seasons that are open on the special youth days;

Any other regulation notwithstanding, methods for the taking of blue, snow, and Ross's geese include using shotguns capable of holding more than three (3) shells, and with the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. An exception to the above permit requirement includes any person fifteen (15) years of age or younger, provided either 1) the person is in the immediate presence of a properly licensed adult (must possess a Conservation Order permit) who is eighteen (18) years of age or older and has in their possession a valid hunter education certificate card, or was born before January 1, 1967, or 2) the person possesses a valid hunter education certificate card. A daily bag limit will not be in effect February 7 through April 30 (See 3 CSR 10-5.436 and 3 CSR 10-5.567 for Conservation Order Permit requirements); and

(M) Migratory game birds, to include only doves, ducks, mergansers, and coots, may be taken by hunters with birds of prey as follows (See 3 CSR 10-9.442 for additional provisions about falconry including season lengths and limits for wild-life other than migratory game birds. See 3 CSR 10-9.440 for falconry permit requirements):

1. Doves may be taken from September 1 through December 16 from one-half (1/2) hour before sunrise to sunset. Daily limit: three (3) doves; possession limit: nine (9) doves, except that any waterfowl taken by falconers must be included within these limits; and

2. Ducks, mergansers, and coots may be taken from sunrise to sunset from September 9 through September 24 statewide, and from one-half (1/2) hour before sunrise to sunset as follows: in the North Zone, October 21 through October 22, October 28 through December 26, and February 11 through March 10; in the Middle Zone, October 21 through October 22, November 4 through November 12, November 18 through January 7, and February 11 through March 10; and, in the South Zone, November 18 through November 19, November 23 through November 26, December 7 through January 31, and February 11 through March 10. Daily limit: three (3) birds singly or in the aggregate, including doves; possession limit: nine (9) birds singly or in the aggregate, including doves.

This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Conservation Commission received comments from two (2) individuals on the proposed amendment.

COMMENT #1: The commission received comment from one (1) individual who voiced general support to proposed changes to this rule.

RESPONSE: The commission thanks the individual who provided input.

COMMENT #2: The commission received comment from one (1) individual who voiced opposition to proposed changes to this rule, citing concerns of further limiting the time available for hound hunting.

RESPONSE: Restricting the use of hounds during the CWD portion of the firearms deer hunting season is consistent with the regulations for similar portions of the deer hunting season, such as the November and antlerless portions. The commission recognizes that this amendment reduces opportunity for hunting with hounds in open counties during the CWD portion of the firearms deer hunting season; however, hounds may still be used to hunt furbearers throughout the remainder of the state.

Firearms possessed under this exception may not be used to take wildlife while archery hunting.

(B) Firearms portion: December 9 through 17, 2023; use any legal elk hunting method to take elk in open counties.

This amendment filed March 14, 2023, effective March 31, 2023.

The Department of Conservation amended 3 CSR 10-7.710 by establishing 2023 elk season limits.

### 3 CSR 10-7.710 Elk: Application and Draw Process.

(1) Missouri residents, as defined in 3 CSR 10-5.220, may apply for elk hunting permits.

(A) Quotas for elk hunting permits are established annually by the Conservation Commission. For the 2023 season, five (5) Resident Antlered Elk Hunting Permits will be awarded. At least ten (10) percent of the Resident Antlered Elk Hunting Permit quota will be awarded annually to approved resident landowners, as defined in 3 CSR 10-20.805, whose qualifying property is in Carter, Reynolds, or Shannon counties. If the number of qualifying landowner applicants is less than the percentage of the permits allocated for landowners, that portion of the quota not issued to a qualifying landowner will be reallocated to other applicants.

(B) To be eligible for the Resident Antlered Elk Hunting Permit(s) awarded to approved resident landowners, an application must have been submitted to and have been approved by the department as described in 3 CSR 10-7.412 prior to applying for a Resident Antlered Elk Hunting Permit.

(C) Permit Draw.

1. The application period will be from May 1-31 annually and results will be available by July 1 annually.

2. Application fee for Resident Antlered Elk Hunting Permit: ten dollars (\$10).

3. Only one (1) application is allowed per year.

4. Only one (1) person is allowed per application.

5. Persons drawn for a Resident Antlered Elk Hunting

Permit will not be eligible to apply for that permit again for ten (10) years.

6. Permits are nontransferable.

This amendment filed March 14, 2023, effective March 31, 2023.

**ORDER OF RULEMAKING**

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

**3 CSR 10-11.111 Commercial Use is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 1, 2023 (48 MoReg 196-197). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective **July 1, 2023**.

SUMMARY OF COMMENTS: The Conservation Commission received comments from twenty-one (21) individuals on the proposed amendment.

COMMENT #1: The commission received comments from ten (10) individuals who voiced general support for proposed changes to this rule.

RESPONSE: The commission thanks the individuals who provided input.

COMMENT #2: The commission received comments from four (4) individuals who voiced general opposition to proposed changes to this rule.

RESPONSE: The commission thanks the individuals who provided input.

COMMENT #3: The commission received comments from five (5) individuals who voiced opposition to proposed changes to this rule, and who stated any commercial use should require a fee.

RESPONSE: Taking into consideration previous public comments, the department determined that low-impact photography and videography (whether commercial or not) could be allowed on department areas without a permit or fee. A special use permit will be used to manage photography and videography that may have an impact on other public uses or natural resources. It is very difficult to determine if someone is participating in photography and videography for commercial purposes or as a hobby or for personal uses. A fee may be charged for photography and videography that involve more than twenty-five (25) people or have the potential to harm resources or create user conflict.

COMMENT #4: The commission received comment from one (1) individual who voiced opposition to proposed changes to

this rule, and who stated any commercial videography should require a fee.

RESPONSE: Taking into consideration previous public comments, the department determined that low-impact photography and videography (whether commercial or not) could be allowed on department areas without a permit or fee. A special use permit will be used to manage photography and videography that may have an impact on other public uses or natural resources. It is very difficult to determine if someone is participating in photography and videography for commercial purposes or as a hobby or for personal uses. Commercial videography using a cellphone or other small equipment can be just as low-impact as an individual with a camera. A fee may be charged for photography and videography that involve more than twenty-five (25) people or have the potential to harm resources or create user conflict.

COMMENT #5: The commission received comment from one (1) individual who voiced opposition to proposed changes to this rule, and who stated the allowance for up to ten (10) people before a special use permit is required is too generous and should change to no more than three (3) people, and that any activity involving more than twenty-five (25) people or with potential to harm the resources should be prohibited.

RESPONSE: Requiring a special use permit for more than ten (10) people is consistent with other regulations that require a special use permit for more than ten (10) people camping, bike riding, horseback riding, or using a shooting range. Groups smaller than this size do not typically pose a high level of conflict with other public visitors. Groups of more than ten (10) people over the course of a day or with potential to harm the resource will be managed by special use permit. Applying for a special use permit does not guarantee that a permit will be issued and will be considered on a case-by-case basis.

SUMMARY OF COMMENTS: The Conservation Commission received comments from twenty-six (26) individuals on the proposed rule.

COMMENT #1: The commission received comments from sixteen (16) individuals who voiced general support for the proposed rule.

RESPONSE: The commission thanks the individuals who provided input.

COMMENT #2: The commission received comments from one (1) individual who voiced general support for the proposed

rule, and who stated any commercial photography should require a fee.

RESPONSE: Taking into consideration previous public comments, the department determined that low-impact photography and videography (whether commercial or not) could be allowed on department areas without a permit or fee. A special use permit will be used to manage photography and videography that may have an impact on other public uses or natural resources. RESPONSE: The commission thanks the individuals who provided input.

COMMENT #4: The commission received comments from three (3) individuals who voiced opposition to the proposed rule, and who stated any commercial use should require a fee.

RESPONSE: Taking into consideration previous public comments, the department determined that low-impact photography and videography (whether commercial or not) could be allowed on department areas without a permit or fee. A special use permit will be used to manage photography and videography that may have an impact on other public uses or natural resources. It is very difficult to determine if someone is participating in photography and videography for commercial purposes or as a hobby or for personal uses. A fee may be charged for photography and videography that involve more than twenty-five (25) people or have the potential to harm resources or create user conflict.

COMMENT #5: The commission received comment from one (1) individual who voiced opposition to the proposed rule, and who stated a photographer might have more than ten (10) people in a group (i.e., large family, school group, etc.) and not have the resources to cover the cost of a permit.

RESPONSE: Photography that involves more than ten (10) people over the course of a day will require a special use permit. Special use permits typically have no fee; however, a fee may be charged for photography and videography that involve more than twenty-five (25) people or have the potential to harm resources or create user conflict.

COMMENT #6: The commission received comment from one (1) individual who voiced opposition to the proposed rule, and who stated drones should be allowed unrestricted.

RESPONSE: In order to manage conflicts with other public users, department aircraft, and harassment of wildlife, the department requires a special use permit for the operation of drones on department areas.

**TITLE 15 – ELECTED OFFICIALS  
Division 30 – Secretary of State  
Chapter 200 – State Library**

**ORDER OF RULEMAKING**

By the authority vested in the Office of the Secretary of State under sections 181.021, 181.060, and 182.812, RSMo 2016, the secretary of state adopts a rule as follows:

15 CSR 30-200.015 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on November 15, 2022 (47 MoReg 1677). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The secretary of state received approximately twenty thousand (20,000) comments on the proposed rule. For a complete list of comments please contact the records custodian at [CustodianOfRecords@sos.mo.gov](mailto:CustodianOfRecords@sos.mo.gov).

**COMMENT #1:** The proposed rule is a “book ban,” in violation of the First Amendment of the U.S. Constitution.

**RESPONSE:** The proposed rule is not a “book ban.” At most, the rule restricts the recipient of funds from using such funds to purchase or acquire the materials described in (1)(B). The

rule does not prohibit the use of local taxes and private funds to purchase or acquire the materials described in (1)(B). Put simply, refusing to subsidize a particular activity with public monies does not violate the First Amendment. *See, e.g., United States v. Am. Libr. Ass’n, Inc.*, 539 U.S. 194, 212 (2003) (plurality opinion); *City of Maryland Heights v. State*, 638 S.W.3d 895, 899 (Mo. banc 2022). Because the rule “simply does not ban... books,... the overwrought rhetoric about book banning has no place” here. *C.K.-W. by & through T.K. v. Wentzville R-IV Sch. Dist.*, No. 4:22-CV-00191-MTS, 2022 WL 3138989, at \*1 (E.D. Mo. Aug. 5, 2022) (quotation marks omitted). No changes have been made to the rule as a result of this comment.

**COMMENT #2:** The word “prurient” in subsection (1)(B) is too vague and unworkable.

**RESPONSE AND EXPLANATION OF CHANGE:** The word “prurient” has been in state law and dictionaries for a long time. However, the secretary of state would like to provide clear guidance and understanding to recipients of funds. Accordingly, the language in (1)(B) will be revised to state that funds received cannot be used to purchase or acquire material that constitutes “child pornography,” is “pornographic for minors,” or is “obscene,” as those terms are defined in section 573.010, RSMo. These definitions have passed constitutional muster. *See, e.g., State v. Simmer*, 772 S.W.2d 372, 373-74 (Mo. banc 1989); *State v. Foster*, 838 S.W.2d 60, 66 (Mo. App. 1992).

**COMMENT #3:** The rule is too burdensome on public libraries.

**RESPONSE:** The rule is not too burdensome on public libraries. Indeed, several comments stressed that the rule is unnecessary because many (if not all) libraries already have collection development policies, (1)(A), and materials challenge policies, (1)(F). But if that’s true, then a certification that such policies are in place can be made in good faith. At bottom, it is up to fund recipients to establish policies, not the secretary of state. No changes have been made to the rule as a result of this comment.

**COMMENT #4:** The proposed rule exceeds the authority conferred by sections 181.021, 181.060, and 182.812, RSMo, because nothing in these statutes grants the secretary of state the authority to supersede local control of the operations of libraries.

**RESPONSE:** The proposed rule does not take away local control of public libraries. True, local libraries and their governing boards have the authority to draft their own policies. *See, e.g.,* sections 182.060, .200, .440, .670, and .705, RSMo. The proposed rule does not conflict with any of these statutory provisions. Indeed, the *Missouri Constitution* makes clear that the conditions of participation for funding may be set by law. *See* Mo. Const. Art. 9, section 10; *id.* Art. 10, section 10(b). The general assembly has conferred rulemaking authority to the secretary of state to establish the conditions of participation (see sections 181.021, .060, RSMo, and section 182.812, RSMo), just as he has for other rules. *See, e.g.,* 15 CSR 30-200.020 (establishing funding eligibility requirements). This all falls in line with the bedrock principle that “when the Government appropriates public funds to establish a program it is entitled to define the limits of that program.” *Am. Libr. Ass’n*, 539 U.S. at 211 (citation omitted). Ultimately, it is up to fund recipients to establish policies, not the secretary of state. Reading all of these provisions together (*State v. Shelby*, 64 S.W.2d 269, 271 (Mo. banc 1933)), the proposed rule bolsters – not deprives – public libraries’ ability to govern themselves. “To the extent that libraries wish to offer unfiltered access, they are free to do so without” monies from the state librarian. *Am. Libr. Ass’n*, 539 U.S. at 212. No changes have been made to the rule as a result of this comment.

COMMENT #5: The stated public and private costs are inaccurate.

RESPONSE: The anticipated costs to implement the rule are reasonable, absent concrete fiscal evidence to the contrary. While generalized concerns over the cost to implement the rule have been raised, no specific costs have been offered. The closest cost estimate that some comments offered is a range of sixty thousand to eighty thousand dollars (\$60,000 to \$80,000) for implementation of the rule at the Kansas City Public Library. But the assumptions for such a large figure are unclear from the comments. And, in any event, they may be largely overstated. Many (if not all) libraries have in place collection development and materials challenge policies. Those that do not may have to create such policies in order to receive funding from the state librarian. Who develops such policies is entirely up to the library: it may be paid staff or, most likely, unpaid/voluntary library boards and their members/directors. Likewise with any enforcement costs and how extensive the library's review and adjudication process may or may not be. The act of certification in and of itself imposes, if any, *de minimis* costs that do not exceed five hundred dollars (\$500). While no changes will be made to the rule as a result of this comment, the secretary of state anticipates collecting cost implementation data from fund recipients in order to publish the statement of actual cost required by section 536.200.3, RSMo, in the *Missouri Register* within ninety (90) days after the close of the first full fiscal year of implementation of the rule.

COMMENT #6: The proposed rule creates an unfunded mandate, in violation of the Hancock Amendment, Mo. Const. Art. X, section 16, 21.

RESPONSE: The rule does not violate the Hancock Amendment for the simple reason that it merely delineates the obligations that arise if, and only if, a public library voluntarily chooses to apply for funding from the state librarian. A public library is not required to make the certification if it is not receiving such funds. *Cf. City of Crestwood v. Affton Fire Prot. Dist.*, 620 S.W.3d 618, 630 (Mo. banc 2021). No changes have been made to the rule as a result of this comment.

COMMENT #7: Staff noted during review that subsection (1)(A) has the potential to create a contradiction between age and maturity level.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (1)(A) will be revised to make it clear that only the age of a minor need be addressed in the collection development policy regarding appropriateness.

COMMENT #8: Subsection (1)(C) suggests that one minor's parent or guardian may restrict any other minor's access to material in a library, even if unrelated to the minor.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (1)(C) will be revised to make it clear that it only permits a minor's parent or guardian to decide what that minor (and not any other minor) may or may not access at the library. In other words, (1)(C) shall not be construed to permit any parent or guardian to decide what any other minor unrelated to the parent or guardian may or may not access at the library.

COMMENT #9: Staff noted during review that subsection (1)(F) has the potential to allow anyone to challenge the policy.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (1)(F) will be revised to make it clear that only parents or guardians of a minor within the library district may dispute or challenge the library's age-appropriate designation.

COMMENT #10: Staff noted during review that section (2) is not

clear when the written policies are to be disclosed to the state librarian.

RESPONSE AND EXPLANATION OF CHANGE: Section (2) will be revised to make it clear that written policies should be filed with the state librarian annually by July 31.

#### 15 CSR 30-200.015 Library Certification Requirement for the Protection of Minors

(1) Notwithstanding any provision of 15 CSR 30-200.020 and 15 CSR 30-200.025 to the contrary, the state librarian shall not distribute any funds to any library defined in 15 CSR 30-200.010 that receives funds pursuant to 15 CSR 30-200.020 and 15 CSR 30-200.025 unless such library certifies in writing each of the following:

(A) The library has or will adopt a written, publicly accessible collection development policy addressing how selections are made in considering the appropriateness by age of any minor, as defined in 15 CSR 30-200.030;

(B) No funds received shall be used to purchase or acquire material that constitutes "child pornography," is "pornographic for minors," or is "obscene," as those terms are defined in section 573.010, RSMo;

(C) The library has or will adopt a written, publicly accessible policy allowing a minor's parent or guardian to determine what materials and access will be available to that minor, and no person employed by or acting on behalf of the library shall knowingly grant access to a minor to any material in any form not approved by that minor's parent or guardian;

(F) The library has or will adopt a written, publicly accessible library materials challenge policy by which any parent or guardian of a minor within the library district may dispute or challenge the library's age-appropriate designation affixed to any presentation, event, material, or display in the library, and the results of any such dispute or challenge shall be disclosed to the public and published on the library's website.

(2) The library shall submit a copy of its written policies to the state librarian annually by July 31, and shall submit, within thirty (30) days, any revisions to such policies to the state librarian.
